Освіта

Odesa National Academy named after OS Popov

Досвід роботи

Technical skills

React.js - development of dynamic and efficient SPA applications, optimization of component performance.
Redux - application state management, work with Redux Toolkit.
Vite - quick setup and optimization of projects for fast rendering.
HTML, CSS, Bootstrap, Material UI - adaptive layout, use of ready-made UI components to create stylish interfaces.
Git - teamwork, keeping a history of changes, creating pull requests.
Firebase - authentication, Firestore database, hosting.

Practical experience

Developed 3-4 pet projects using React, Redux, Firebase.
Wrote a web resume on Vite to demonstrate my skills.
Worked with ready-made UI libraries (Bootstrap, MUI) to create a user-friendly UX.
